### PROJECTS

#### Briolingo

⌚ 05/2025 - 07/2025 🗺 Anand, IN  
🔗 <https://briolingo.vercel.app>

A modern web app for language learning built with Next.js, offering interactive lessons, premium features via Stripe, and user authentication with Clerk.

- Developed using **Next.js**, **Tailwind CSS**, and **Drizzle ORM** for efficient frontend and database handling
- Integrated **Clerk** for secure authentication and user management and implemented **Stripe Checkout** to handle premium feature subscriptions
- Designed a dynamic **Leaderboard** to track and rank user progress

#### Expense Tracker

⌚ 06/2025 - 07/2025 🗺 Anand, IN  
🔗 <https://brainwave-matrix-intern-murex.vercel.app/>

A full-featured web app to manage income, expenses, and financial history with intuitive dashboards and visual insights.

- Built responsive UI with **React**, **Tailwind CSS**, and **Chart.js**
- Visualized income & expense trends via **interactive graphs and charts**
- Implemented **filters**, **search**, **CSV export**, and **custom date ranges** for transactions
- Added **custom category management** and **currency settings** for personalization
