SUMMARY

A passionate and detail-oriented full-stack web developer with a strong interest in building efficient, user-focused web applications. I enjoy working across both frontend and backend to create seamless digital experiences. Committed to continuous learning, problem-solving, and contributing to impactful projects in a collaborative environment.

EXPERIENCE

WEB DEVELOPMENT INTERN

Brainwave Matrix   📅 06/2025 - 07/2025   📍 Remote

Completed a task-based internship by building a full-stack blogging website using the MERN stack (MongoDB, Express.js, React, Node.js).
Gained hands-on experience in building responsive UIs, implementing authentication, and managing backend APIs and databases

EDUCATION

Bachelor of Computer Application

Sardar Patel University   📅 04/2021 - 03/2024

CGPA
9.54 / 10

Pursuing Master of Computer Application

The Charutar Vidya Mandal university
📅 07/2024 - Present

CGPA
9.84 / 10

PROJECTS

BAKERY WEBSITE (FULL STACK PROJECT)

Developed a full-stack bakery web app with product listing, category filtering, and a contact form.
Built a responsive UI using **HTML/CSS**, and used **ASP.NET (C#)** for backend logic.
Integrated **SQL Server** for managing products, inquiries, and orders.

BLOGGING WEBSITE (FULL STACK PROJECT)

Built a full-stack blogging platform using the **MERN stack** and **Tailwind CSS** for a modern, responsive UI.
Implemented **JWT & OAuth** (Google/GitHub) for secure auth and blog access control.
Enabled full **CRUD** for blogs with real-time updates.
Managed data with **MongoDB**, and built RESTful APIs with **Express/Node.js**.
